August 2010 Free Giveaway Winners - CareerAcademy.com

We Have Winners!!

We often talk about the foundation one needs to become a security professional and perhaps eventually an ethical hacker. Most who have ventured into this or an associated field have come from one of a few areas: systems admin, programming or networking. So to ensure that you have the networking portion covered, we offer up this month's prize of video training for Cisco Certifications from long-time training provider, CareerAcademy.com. Of course be sure to check out their security video training titles as well including CEH, CISSP, Security+ et al.

To the 2 deserving members this month goes CareerAcademy.com's latest Cisco Authorized Video Training Library. EH-Net members H1t M0nk3y and Dark_Knight each get 3 months of unlimited online access to all of the following Cisco® training programs (list below). Congratulations to you both.
