We Have Winners!!

With the economy still in the dumps, those travel budgets never seem to get funded. Add to that inflation and the price of gas, and getting to those instructor-led courses seems more difficult every day. Good thing companies like CareerAcademy.com are utilizing technology to get you the training you need AND access to mentors without ever having to leave your chair. Career Academy's exclusive LearningZone live mentor program offers help whenever you need it. Why wait for email support? Chat Live with their Certified Instructors anytime around the clock (24x7). In addition to 6 months of access to LearningZone, 3 EH-Net members, Disneycrack, WCNA, lorddicranius, were chosen to receive one of the following three video-based training courses each valued at $695:

- CISA Training with Kenneth Mayer
- CISSP Training with Shon Harris
- Advanced VMware Security Training with Tim Pierson & Duane Anderson

Thanks as always to CareerAcademy.com for continuing to support EH-Net. Continued thanks go to all EH-Netters out there in the intertubes, especially those that make it all the way out to Iraq. Your service is appreciated beyond words.
